# 16% PROTEIN PRESSED BLOCK

CONTAINING  
BIOTIN AND

4Plex<sup>®</sup> EQ is a registered trademark of Zinpro Corporation, Eden Prairie, MN

### Guaranteed Analysis

Crude Protein (Min)	16.00%
Crude Fat (Min)	1.50%
Crude Fiber (Max)	8.00%
Calcium (Min)	3.25%
Calcium (Max)	3.75%
Phosphorus (Min)	1.50%
Salt (Min)	18.00%
Salt (Max)	20.00%
Cobalt (Min)	20 ppm
Copper (Min)	250 ppm
Iodine (Min)	10 ppm
Manganese (Min)	500 ppm
Selenium	3.5 ppm
Zinc (Min)	550 ppm
Biotin (Min)	10 mg/lb.
Riboflavin (Min)	10 mg/lb.
Thiamine (Min)	15 mg/lb.
Vitamin A (Min)	80,000 IU/lb.
Vitamin D-3 (Min)	20,000 IU/lb.
Vitamin E (Min)	180 IU/lb.

### Ingredients

Soybean Meal, Salt, Cane Molasses, Soybean Hulls, Defluorinated Phosphate, Corn Gluten Feed, Lignin Sulfonate, Zinc Methionine Complex, Copper Lysine Complex, Manganese Methionine Complex, Cobalt Glucoheptonate, Calcium Carbonate, Copper Sulfate, Calcium Iodate, Ferrous Sulfate, Manganese Sulfate, Sodium Selenite, Zinc Sulfate, Biotin, Riboflavin Supplement, Thiamine Supplement, Vitamin A Supplement, Vitamin D-3 Supplement, Vitamin E Supplement, Hydrolyzed Vegetable Oil and Artificial Flavor.

**CAUTION:** Follow label directions. Consumption should not exceed 3 mg selenium per head per day. Two (2) pounds of this product will supply 3 mg selenium.

**Important:** During the first week of use, place the blocks about 50 ft. from the loafing and watering areas. As horses become acclimated to the presence of the blocks, some repositioning may become necessary to achieve proper consumption. If over-consumption occurs for more than two weeks and repositioning of the blocks does not correct the situation, remove the blocks and evaluate overall feeding program.

### Feeding and Management

FUTURITY PRECISE 16% PROTEIN PRESSED BLOCK is a complete protein/mineral/vitamin supplement scientifically formulated especially for the needs of horses. Research has shown that added biotin helps promote growth of strong healthy hooves. Research has also shown that the organic trace minerals in 4Plex EQ improved hoof growth, enhanced immune response and increased forage digestibility.

1. Feed 1 block per 5 head of horses. This allows animals equal access to blocks.
2. Place blocks where animals congregate. Locate blocks throughout pasture, placing them near water and loafing areas. Maintain adequate distance between blocks (10 ft. minimum).
3. Do not allow animals to run out of blocks. When a block is half-consumed, place a new block near it. Place small pieces in troughs or feed pans.
4. Horses will consume about 1 to 2 lb. per head daily.
5. Feed FUTURITY PRECISE 16% PROTEIN PRESSED BLOCK as the only FREE CHOICE source of protein, salt, other minerals and vitamins.

Provide clean, fresh water to all animals at all times.
