### Feeding and Management

#### Trace Mineral Program

Sweetlix Super Sheep Free Choice is a scientifically balanced mineral and vitamin supplement designed especially for sheep. Sweetlix Super Sheep Free Choice helps sheep attain maximum productivity by providing 100% of the daily recommended levels of seven essential trace minerals and vitamins A, D and E. All ingredients are chosen for high biological availability and stability for optimal nutrition.

Feed free choice at all times for best results. Do not offer any other mineral or salt during the time that you are feeding this mineral. Place near watering and loafing areas in covered feeders if possible. Consumption will vary according to range and pasture conditions and the needs of your animals, but should average 1.0 oz per head daily for an adult animal.

Provide clean, fresh water to all animals at all times.
