ALABAMA FARMERS COOPERATIVE, INC.

Decatur, Alabama 35601

Feeding Directions:

AFC 16% Protein Rabbit Pellets have been formulated to meet the needs of caged rabbits. This feed is an alfalfa meal based product which will supply the rabbit with all the green forage that it needs for proper growth and development. This feed contains energy needed for production and it is fortified with vitamins and minerals to ensure good health. This feed is recommended as a complete feed and comes in a 50 and 25 pound bag. This feed is not recommended for other classes of livestock or exotic animals. Contact your local cooperative if you have questions concerning the feeding of other animals. This feed is not recommended for large producers who want to maximize growth and meat production for market animals.

Important Management Practices:

Always provide a source of fresh, clean water, Do not allow feed to become wet or moldy. Always keep feeders and waterers clean. When changing feeds, allow a 5 to 7 day transition period. Feeding in any manner other than directed can lead to nutritional disorders. Consult an Animal Nutritionist before feeding this product in a manner other than directed.
