Manufactured By

ALABAMA FARMERS COOPERATIVE, INC.

Decatur, Alabama 35601

Feeding Directions:

CO-OP Starter-Grower Crumbles is a highly fortified poultry crumble designed with the baby chick in mind. This 18% protein feed contains extra vitamins and minerals to reduce stress, and sickness in young birds. The minerals and vitamins will increase their immune system to fight off disease and sickness, while the extra protein will promote growth and meat production. The extra calcium will also aid in building strong bone as the bird develops. This feed also contains high percentages of the amino acids Lysine, and Methionine, which when deficient is the amino acids that most limit growth in poultry. This feed is recommended for a sole ration for chicks until they reach 20 weeks of age. This feed comes in 25 and 50 lb. Sizes.

Important Management Practices:

Always provide a source of fresh, clean water, Do not allow feed to become wet or moldy. Always keep feeders and waterers clean.
