

## Horizon Equine Supplement Free Choice Supplement for Horses

Horizon Horse Mineral/Vitamin Supplement is a formulated complete mineral vitamin supplement to be fed with Horizon Horse Feeds to provide superior supplementation to your horses. This mineral supplement is designed to be fed with Horizon Excel, Horizon Champions Choice, Horizon All-Grain, Horizon Mare and Foal, and Horizon Senior to provide additional minerals and vitamins on a free choice basis.

When fed free choice or as a top dress, Horizon Horse Supplement will provide optimum mineral vitamin supplementation for horses to perform at peak levels.

Horizon Horse Supplement contains chelated minerals for maximum absorption and utilization. This product also contains Biotin for maintaining hoof integrity.

When fed correctly Horizon Supplements will work in conjunction with Horizon Horse Feeds to improve hair and coat, increase immunity response, improve reproductive performance, and maintain hoof integrity.

Minerals should always be provided free choice, and consumption will vary based upon which Horizon Horse Feed you are currently feeding. Consumption should average 4 oz. per day. This mineral is designed to be fed exclusively with Horizon Horse Feeds and results will vary when fed with other feeds. Always provide fresh clean water, and do not feed wet or insect infested product. Consult an Animal Nutritionist with additional questions.

### Ingredients:

Monocalcium Phosphate, Dicalcium Phosphate, Molasses Products, Magnesium Sulfate, Potassium Sulfate, Salt, Magnesium Oxide, Calcium Carbonate, Zinc Methionine Complex, Copper Lysine Complex, Manganese Methionine Complex, Cobalt Glucoheptonate, Roughage Products, Zinc Oxide, Copper Sulfate, Manganous Oxide, Zinc Sulfate, Ferrous Sulfate, Manganese Sulfate, Calcium Iodate, Yeast Culture, Cobalt Sulfate, Sodium Selenite, Vitamin A Supplement, Vitamin D-3 Supplement, Vitamin E Supplement, Biotin Supplement and Red Iron Oxide.

### Feeding Directions:

Provide Horizon Equine Supplement to horses on a free choice basis. Place mineral feeders where horses congregate - near watering, loafing or feeding areas. Remove all other free choice sources of salt or mineral while using this product. Be sure to provide clean, fresh water at all times.

While actual intake may vary accounting to diet, environmental conditions, and animal mineral status, adult horses should each consume approximately 4 to 5.5 ounces daily.

For additional information, please consult your Alabama Farmers Cooperative representative.

Caution: Use as Directed. Consumption selenium should not exceed 3 mg per head daily.
